The University of Texas Southwestern Medical Center (UTSW) and Children’s Health is seeking an academic Pediatric Interventional Radiologist. Candidate must be American Board of Radiology (ABR) certified/eligible, have completed an accredited fellowship in Vascular Interventional Radiology (pediatric and/or adult), and be qualified to hold a Texas State Medical License. The primary clinical and on-call responsibilities of the candidate would be at the Children’s hospitals with a potential for up to 40% adult IR component for qualified candidates. Appointment rank will be commensurate with academic accomplishments and experience.

Pediatric interventional radiology is offered at the Children’s Medical Center – Dallas, a 523-bed tertiary pediatric hospital for the Children’s Health System of Texas and Level 1 trauma center. In addition, there is a satellite 72-bed community hospital that provides imaging and IR services at Children’s Medical Center – Plano. Children’s Medical Center has two dedicated pediatric IR suites at the main campus and one IR suite at the Plano campus. There is an outpatient IR clinic supported by a dedicated clinic coordinator. The division consists of 4 IR Physicians and 2 nurse coordinators. The hospital has a full spectrum of clinical subspecialties, including liver and kidney transplant and cardiothoracic surgery and is a designated hereditary hemorrhagic telangiectasia center. Currently a total of 1,500 IR cases are being performed per year with a huge potential for growth in number and complexity.

Adult interventional radiology is offered at William P. Clements Jr. University Hospital, a 450-bed tertiary care hospital and at Parkland Hospital, an 862-bed tertiary care hospital for Dallas County and also a Level 1 trauma center. The division includes 14 IR Physicians, 6 Advanced Practice Providers, 12 radiology residents and 5 IR fellows. A total of 10,000 vascular and non-vascular interventions are performed per year at these two hospitals.

To apply, visit https://jobs.utsouthwestern.edu and search for Job No. 385780. Please attach a cover letter, curriculum vitae, and contact information for three references to your application. Incomplete applications will not receive full consideration.

For additional information about the position, please contact Dr. Timothy Booth, Interim Chief of Pediatric Radiology, by emailing tim.booth@childrens.com.

*UT Southwestern Medical Center is an Affirmative Action/Equal Opportunity Employer. Women, minorities and veterans are encouraged to apply.*
